

## SUMMER ART CAMP FAQ'S

*Art Camp is held within the main Morean Arts Center building at 719 Central Ave, St Petersburg FL, 33701.*

**How many children will be in class with my child and what is the teacher/camper ratio?** 5 to 6 year old campers have one classroom (Bank of America Children's Learning Center) and two teachers. 20 campers is the maximum capacity.

7 to 10 year old campers have 2 classes with the capacity of 15 in each classroom. Each class has one lead teacher and an assistant.

Teen Camps have a small teacher/camper ratio allowing for more intensive projects:

- \*Maker's Space Camp maximum is 16 campers, there will be 2 teachers.
- \*Glass Camp maximum is 12 campers, there will be 2 teachers.
- \*Pinhole & Darkroom Photography Camp maximum is 6 campers, 1 teacher.
- \*All other Teen Camps maximum is 8 campers, 1 teacher.

### **What will my child do during the camp week?**

Children ages 5-6 yrs. are in a self-contained classroom, meaning the various art processes will be taught in their classroom. The 7-10 year old campers will rotate between 2 classrooms in assigned groups. Both classrooms are in the main building.

During the week, 5-6 year old and 7-10 year old campers will learn various art processes (such as: exploring wet-on-wet watercolor, mono printing with Styrofoam, oil pastel resist, etc.) Through the art processes they will use the designated weekly theme to create art through both teacher-guided and self-guided experiences. In addition, campers will have opportunities during their day for creative expression in the use of small manipulatives, books, and puzzles.

Teen campers will work in our various studios according to the medium and equipment they will be using during their week of camp.

### **What do the themes mean?**

The 5-6 yr old and 7-10 yr old themes are a *jumping off point* for teachers to plan from. Teachers may use various ideas such as cultural art, language arts, art history, or a master artist to interpret the theme.
